REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board of Bradford District.

During the year 1943-1944, the following teachers were employed :

School	Teacher	Training	Yr. Grad.
Bradford Central			
Grades 6-7-8	Mrs. Mildred C. French	K. T. C.	1922
Grades 3-4-5	Mrs. Evelyn T. Norton	K. T. C.	1924
Grades 1-2	Mrs. Estelle Stearns	P. T. C.	1929
Music	*Gilda V. Drago	B. U.	1938

*Miss Drago left March 31, 1944 and was succeeded by Miss Blanche Bailey for the remainder of the year.

GENERAL STATISTICS

	Grades 6-7-8	Grades 3-4-5	Grades 1-2	Total 1943-44	Total 1942-43
Half days in session	354	354	354	354	344

Percent attendance	94.14	92.32	88.78	91.99	93.23
Number tardinesses	14	9	1	24	24
Average tardiness per pupil	.6	.4	.07	.4	.3
No. visits Superintendent	30	30	31	91	76
visits School Board	8	2	5	15	16
No. visits Citizens	34	30	40	104	143

The number of days in session this year was an improvement over the preceding year, but short of the 360 goal. The percent of attendance is not as good as in the preceding year, but there has been no increase in the previous good record of tardiness. The number of pupils registered continues to decline and during 1944-1945 will probably be even lower. In 1941-1942 there were 126 public school pupils residing in the district. The total number of pupils registered in the district was 63 of whom two were tuition pupils from Warner. Fifteen pupils from Bradford were registered in Warner High School. This makes the number of pupils residing in the district and attending public schools 76.

The teacher shortage continues to increase. In June 1945 only 18 elementary teachers will graduate from the teachers colleges in New Hampshire. As a consequence, teachers salaries will continue to rise. This condition should be anticipated in the budget for next year.

An improvement in the lunch room could be made by putting a ceiling of Celotex or similar material over the section used for the preparation of food. As the building becomes older, the joints in the floor of the class room above become looser and particles of dirt and dust fall down when the pupils move about overhead.

During the summer of 1944 a cement walk was built from the driveway to the front door of the school, replacing the plank walk formerly in use.

During the year the pupils made good progress in their studies. The smaller number in each room en-

abled the teacher to spend more time with the slower pupils.

In closing we wish to thank the School Board, parents and teachers for their cooperation, and all others who have in any way contributed to the success of this school year.

JOHN A. SINCLAIR,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

1944 and 1945

The School Nurse has made seventy-two visits to the school rooms during the year with Dr. Wright doing a general physical examination in December and many cases being accompanied to the Dr.'s office for special examination and diagnosis.

The Dental Clinic was completed in May 1944 with fifty-one children treated. Another Dental Clinic is being planned for the near future.

The School Lunches started Nov. 27, 1944 and will continue until spring. This year the lunches are costing more because of the lack of vegetables donated during the canning season and the higher cost of other foods but through the cooperation of the Bradford Women's Club and the War Food Administration we are still able to serve the lunches without charge.

The general health of the Bradford School children is good and the cooperation of the parents and teachers is greatly appreciated.

HELP THE WAR EFFORT

BY PREVENTING FOREST FIRES

No one is exempt from helping to win the war! Everyone, regardless of age, has his or her place in the overall effort! Some men, because of age are called upon to bear arms; man ships, submarines and planes; minister to the injured and maintain morale. Women, in larger numbers, are serving with the armed forces as nurses and members of the several women's military organizations—WACS, WAVES, SPARS, etc. War industry has taken millions of men and women whose accomplishments have been the marvel of the world. Civilians at home are doubling up on their activities because of the shortage in manpower, purchasing bonds, assisting in numerous patriotic undertakings, maintaining home morale and, on the whole, carrying on with a cheerfulness and determination that is typically American. Yet, despite the time, thought and effort we are putting into the war effort in general, we are, true to our peculiar American characteristics, heedless and careless about many important things and one of these is FIRE as it relates to our forests.

Much harm can be done the war effort because of our carelessness with fire. Lumber has gone to war in a big way! Our New Hampshire forests are contributing their full share insofar as manpower permits. Fire, the greatest enemy of the forests, destroys, during each of these critical years, hundreds of acres of valuable trees that could contribute to the war effort. Forest fires disrupt the war's business by taking men from their important work in industry and on the farm and reduces production of necessary

war materials and food. Forest fires require the spending of much money and material that might otherwise be diverted into vital war channels. Forest fires are, for the most part, unnecessary and avoidable for ninety-eight percent of such fires are, annually, the result of human carelessness—yours and mine. This can and should be remedied—NOW! You can help the war effort by preventing forest fires! The rules of the game are simple.

1. Always be careful with fire in or near woodlands.

2. Comply with regulations governing the use or starting of fires there.

Remember

a. You need written permission from your local forest fire warden for debris burning fires when the ground is not covered with snow.

b. Be sure your match, cigar, cigarette and pipe ashes are out before dropping them.

3. Be fire-minded now as never before; be careful; caution others to be careful; be cooperative and thus help your warden, your town, your nation and yourself!

HELP THE WAR EFFORT BY PREVENTING FOREST FIRES

The 1944 fire record for our town is:

Number of fires	1
Acreage burned	1 1-8
Number of permits issued	45

EDWIN E. WESTERBERG,

Forest Fire Warden.
